Additional Experience

Beekeeper: My family and I have been keeping bees for 4 years and we love every moment of it. We sell honey locally and have built a genuine connection with our community along the way. Beekeeping calls for a calm presence, close attention to detail, and a lot of patience, skills that come in handy well beyond the hive.

Mitacs Research Proposal: Collaborated with a team member to co-author a Mitacs research funding proposal for Sielo Robotics (April 2026), demonstrating strong analytical writing, research, teamwork, and organizational skills.

Shamanic Practitioner & Animal Communicator: Certified practitioner (2022–Present) providing healing and intuitive communication sessions, drawing on deep empathy, active listening, and a compassionate approach to supporting others.

Skills & Competencies

Client Instruction & Creative Demonstration: Experienced teaching customers hands-on creative techniques, explaining products clearly, demonstrating step-by-step processes, and helping clients build confidence with unfamiliar tools or materials.

Customer Service: Naturally warm and approachable, with over 10 years of experience working directly with the public across a wide range of environments. Known for making people feel welcome and at ease.

Cash Handling & Reconciliation: Experienced with cash, debit, and point-of-sale transactions including Moneris across multiple roles. Careful and fully accountable when it comes to end-of-day balancing and reconciliation.

Microsoft Excel: Uses Excel regularly for tracking rental income and expenses, managing inventory, and financial planning. Comfortable at an intermediate level across multiple real-world applications.

Computer Skills: Comfortable with Microsoft Office including Word, Outlook, and Excel, as well as general data entry, online portals, and digital applications.

Attention to Detail: Takes care to get things right, whether reconciling cash, managing records, or tracking inventory. Does not cut corners on tasks that require accuracy.

Discretion & Confidentiality: Understands the importance of handling sensitive information carefully and respectfully, and takes that responsibility seriously in every role.

Calm Under Pressure: Naturally patient and composed, even when things get busy or a client is frustrated. Stays professional and keeps things moving without rattling easily.

Teamwork: Easy to work with and genuinely collaborative. Equally comfortable taking direction or working independently, depending on what the situation calls for.

Adaptability: Has worked across a wide range of environments including labs, retail, clinics, and property management. Picks up new processes and systems quickly and without difficulty.
